Dear Clarence,

I hope this message finds you well.

Following your recent email regarding the pending tuition fees and the resulting hold on my mobility documents, I would like to respectfully request a review of my financial situation.

To the best of my knowledge, my tuition fees for both the 2022–2023 and 2023–2024 academic years have been covered through official purchase orders issued by Campus France on behalf of the Gabonese government:

- **Purchase Order No. 677745** dated January 24, 2023 – covering the 2022–2023 academic year (€15,000)
- **Purchase Order No. 721622** dated May 6, 2024 – covering the 2023–2024 academic year (€16,000)

Additionally, I have attached an email exchange with Ms. Marion Despinasse from the Student Accounting Office, confirming that Campus France is indeed responsible for the payment. A follow-up from Campus France dated February 4, 2025, also confirms that the 2023–2024 invoice has been processed and marked as paid.

I fully understand that administrative oversights can happen, and I truly appreciate the work your team does to support students. I kindly ask that you liaise with the Student Accounting Office to verify the payment status, as it seems the issue may stem from a delay in internal confirmation rather than an actual non-payment.

Please let me know if you need any additional documents or clarification from my side. I remain at your disposal and thank you in advance for your time and assistance.

Best regards,

Calvin
