This practice question consists of one scenario with three possible actions. You need to select the 'most effective' and 'least effective' actions for this particular situation. Select the 'most effective' response first, and then when prompted, select the 'least effective'. Once you have selected both actions, please click 'Submit response' to continue.

UBS Culture Match - Practice Section

1 / 1

You're about to start in a new team. You don't know your colleagues and they're all a lot more experienced than you. You'll be doing something that's completely new and very different from your previous work. Your supervisor will not be in the office to help you, but she encourages you to seek her support whenever you like.

Based on the scenario, select which statements would be most effective and least effective.

Select the most effective response:

☐

Call your supervisor if you come across any really tricky problems that you can't fix on your own.

☐

Make the most of the times when it's quieter at work to call your supervisor for a quick chat.

☐

Email your supervisor each week with a summary of all the activities you've completed.

One of your senior colleagues meets with you to talk about the project you are working on together. He asks you to start working on the final report. You know that there is an upcoming meeting with the client in a few days' time where they will be discussing an important decision-point that could alter the structure of the final report.

Based on the scenario, select which statements would be most effective and least effective.

Select the most effective response:

☐

Remind your senior colleague of the upcoming client meeting and subsequent decision and ask if he thinks the meeting will impact the report.

☐

Wait until after the client meeting to start working on the report as your senior colleague might change his mind as a result of what was discussed.

☐

Listen to your senior colleague and deliver the work he requests, but ask him after the meeting if any changes were made to the report.

He thanks you for the reminder and plans to wait until after the meeting to discuss the details of your contribution to the project. You then turn your attention to completing the remainder of your tasks for the day. One of your responsibilities is to do the end-of-day profit and loss statement. This allows you to "close the book" and ensure that accounting records are accurate. You notice that the numbers look completely off. You need to figure out the discrepancy before you're able to close the book.

Based on the scenario, select which statements would be most effective and least effective.

[Reset selections](#)

1

Flag the incorrect numbers and wait for one of your more senior colleagues to take a look.

(Least Effective)

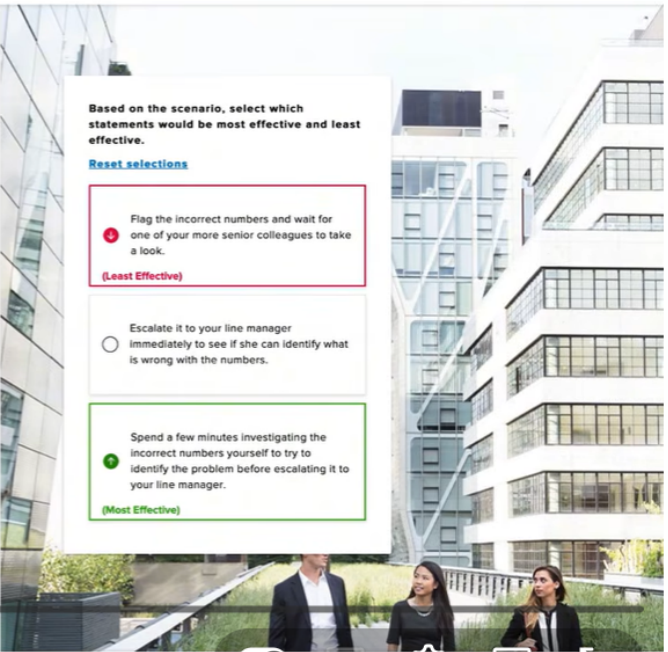

☐

Escalate it to your line manager immediately to see if she can identify what is wrong with the numbers.

2

Spend a few minutes investigating the incorrect numbers yourself to try to identify the problem before escalating it to your line manager.

You've been working on a new social impact framework as part of a sustainable banking project. The design of the framework is based on previously published UBS papers and is now being run past some key clients. Your manager on this project sends you feedback from a client. She asks you to review the feedback and make any necessary edits. The client has a very different view on what should be included in the framework. If all changes were implemented, the framework would look completely different. You are still waiting for feedback from the remaining key clients.

Based on the scenario, select which statements would be most effective and least effective.

[Reset selections](#)

Start incorporating the changes to the framework as it's important to listen to this client.

(Least Effective)

☐ Wait until you have feedback from all clients before raising this feedback to the project manager.

Arrange a meeting with the project manager to discuss how to address the initial feedback.

UBS Culture Match

5 / 18

The project manager finds the client's view on the framework really useful. Given it is so different to what they were expecting, she asks you to wait for the remaining client feedback to make sure the framework is fit for purpose for all clients. In the meantime, you look through your emails. You're working on taking a company public and there is a new email waiting for you. It's from the team reviewing the documents you gathered from the client. They tell you that one document is missing. There will now likely be a delay in taking the company public as you need to factor in additional time for the internal review process.

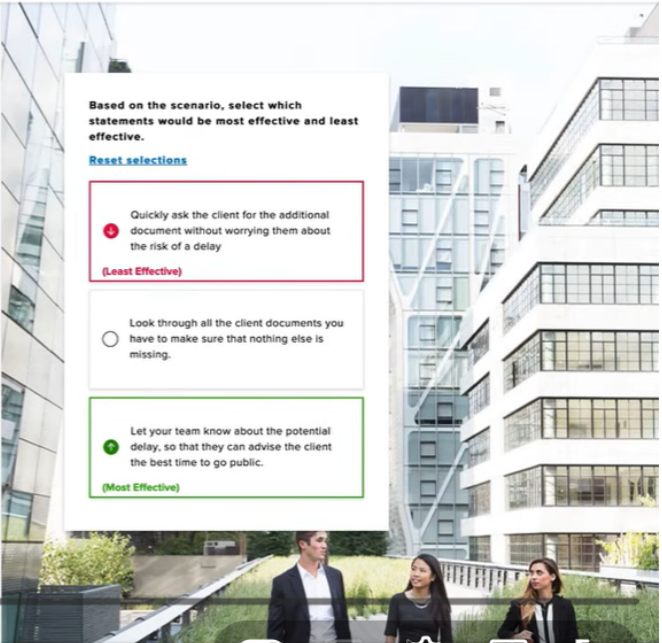

Based on the scenario, select which statements would be most effective and least effective.

[Reset selections](#)

☒ Quickly ask the client for the additional document without worrying them about the risk of a delay.
(Least Effective)

☐ Look through all the client documents you have to make sure that nothing else is missing.

☒ Let your team know about the potential delay, so that they can advise the client the best time to go public.

UBS Culture Match

13 / 18

Your current rotation of the Graduate Talent Program is working with the Environmental, Social, and Governance (ESG) policy team. Your role is to classify the sustainability of UBS funds to limit the risk of greenwashing, where funds are claimed to be sustainable when they are not. You are looking through a particular fund's documents and find that it is between two levels. You can see that the fund's progress in becoming more sustainable has been impressive, and should be further encouraged. However, you also know that UBS prefers to be conservative in rating a fund's sustainability impact. You must now put forward a rating of how sustainable the fund is. The higher the rating, the more sustainable the fund.

Based on the scenario, select which statements would be most effective and least effective.

[Reset selections](#)

1

Show the documents to your line manager and ask for a second opinion.

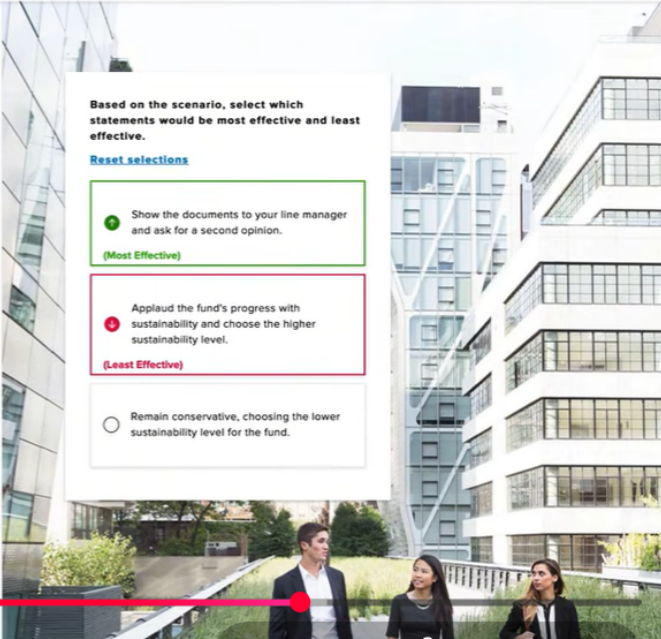

(Most Effective)

2

Applaud the fund's progress with sustainability and choose the higher sustainability level.

(Least Effective)

Remain conservative, choosing the lower sustainability level for the fund.

Culture Match - capture 19/24 (ordre original)

PARTIE 2 - NUMERICAL REASONING (CORRIGE)

18 enonces, 6 minutes. Pour chaque question : les 3 options, la case a cocher (en vert), la justification, et le(s) tableau(x) de donnees.

Resume : 1:F | 2:F | 3:F | 4:F | 5:T | 6:T | 7:T | 8:F | 9:C | 10:C | 11:C | 12:F | 13:C | 14:T | 15:C | 16:F | 17:C | 18:T

Question 1/18 - In fiscal year 4, Evergreen Ltd employed only half as many employees in the region of Europe (excluding Germany) as in fiscal year 6.

■ true (Vrai)

✓ A COCHER : false (Faux)

■ cannot say (On ne peut pas dire)

Justification : Europe (hors Allemagne) : FY4 = 17 vs FY6 = 30. La moitié de 30 = 15, or 17 != 15.

Tableau : Employees

Fiscal year	Europe (w/o Germany)	Germany	Asia/Pacific	America	Others	TOTAL
2	18	24	21	11	5	79
3	22	18	23	10	4	77
4	17	23	19	9	4	72
5	24	18	20	8	4	74
6	30	22	16	7	2	77

Question 2/18 - The equity return of the Evergreen Ltd. and the Roger & Tample Inc. shares had the same course in fiscal years 2 to 6.

■ true (Vrai)

✓ A COCHER : false (Faux)

■ cannot say (On ne peut pas dire)

Justification : Trajectoires opposees : Evergreen monte (5,7 -> 23,1), Roger & Tample descend (15 -> 5,5).

Tableau : Equity return

Fiscal year	Evergreen Ltd.	Roger & Tample Inc.	Beaumetics
2	5.7	15	7.5
3	11.4	9.1	(n/a)
4	17.4	8.6	12
5	11.4	18.4	15.3
6	23.1	5.5	17.3

Question 3/18 - The material costs incurred by Evergreen Ltd were twice as high as the energy costs in fiscal year 7.

■ true (Vrai)

✓ A COCHER : false (Faux)

■ cannot say (On ne peut pas dire)

Justification : FY7 : material = 1 291 ; energy = 230. 2 x 230 = 460, tres loin de 1 291.

Tableau : Costs

Fiscal year	Year 7	Year 6	Year 5
Personnel expenditure	11 358	13 360	13 526
Material costs	1 291	1 334	1 090
Energy costs	230	357	568
Depreciation on manufacturing equipment	2 188	2 343	2 215
Costs for external services	761	1 080	1 151
General administration costs	792	891	762
Research and development costs	759	3 002	4 003
Marketing and distribution costs	2 883	3 182	2 921
Software licence costs	62	871	771

Restructuring costs	583	294	125
Total costs	20 907	26 714	27 132

Question 4/18 - The market shares of the 'Young Beauty' cosmetics range are expected to be around 5 percentage points higher two fiscal years from now (FY+2) than in the current fiscal year (FY).

☐ true (Vrai)

✓ A COCHER : false (Faux)

☐ cannot say (On ne peut pas dire)

Justification : Young Beauty : FY = 19 ; FY+2 = 21,5 -> +2,5 points seulement.

Tableau : Forecast

Fiscal year	Young Beauty	Man
FY	19	21
FY+1	21	20
FY+2	21.5	23.5

Question 5/18 - The equity return of the Roger & Tample share was more than twice as high in fiscal year 5 as in fiscal year 3.

✓ A COCHER : true (Vrai)

☐ false (Faux)

☐ cannot say (On ne peut pas dire)

Justification : FY5 = 18,4 ; FY3 = 9,1. $2 \times 9,1 = 18,2$ et $18,4 > 18,2$.

Tableau : Equity return

Fiscal year	Evergreen Ltd.	Roger & Tample Inc.	Beaumetics
2	5.7	15	7.5
3	11.4	9.1	(n/a)
4	17.4	8.6	12
5	11.4	18.4	15.3
6	23.1	5.5	17.3

Question 6/18 - In the fiscal years FY and FY+2, the predicted market share of the 'Young Beauty' cosmetics range is expected to be lower than the predicted market share of the 'Man' cosmetics range.

✓ A COCHER : true (Vrai)

☐ false (Faux)

☐ cannot say (On ne peut pas dire)

Justification : FY : $19 < 21$ et FY+2 : $21,5 < 23,5$.

Tableau : Forecast

Fiscal year	Young Beauty	Man
FY	19	21
FY+1	21	20
FY+2	21.5	23.5

Question 7/18 - In total, Evergreen Ltd. employed around 2,000 fewer employees in all regions in fiscal year 4 than in fiscal year 5.

✓ A COCHER : true (Vrai)

☐ false (Faux)

☐ cannot say (On ne peut pas dire)

Justification : FY4 = 72 ; FY5 = 74 (milliers) -> 2 000 de moins.

Tableau : Employees

Fiscal year	Europe (w/o Germany)	Germany	Asia/Pacific	America	Others	TOTAL
2	18	24	21	11	5	79
3	22	18	23	10	4	77
4	17	23	19	9	4	72
5	24	18	20	8	4	74
6	30	22	16	7	2	77

Question 8/18 - Around 20% of the total revenues of Evergreen Ltd materialised in fiscal year 6 through the 'Woman' cosmetic range.

■ true (Vrai)

✓ A COCHER : false (Faux)

■ cannot say (On ne peut pas dire)

Justification : La donnée 'Woman' = 48% du segment femmes ($48\% \times 924\,000 = 443\,520$) : rien a voir avec ~20% des revenus (total visible FY6 = 41 418).

Tableau : Market shares

Company	Market share
Roger & Tample Inc.	44%
Evergreen Ltd.	48%
Beaumetics	7%
Stratus	1%
Market volume	924 000 million Euro

Tableau : Revenues

Fiscal year	Year 6	Year 5	Year 4
Revenues licence products	32 203	48 275	49 618
Expenditure foreign licences	25 736	41 417	43 293
Gross margin licence products	6 467	6 858	6 325
Marketing costs licence products	1 882	922	790
Operating result licence products	4 585	5 936	5 535
Revenues from own product ranges:			
Wound treatment/ foot care	2 813	3 183	3 517
Laundry detergent and cleaning agents	4 072	5 158	5 423
Adhesive	2 330	2 370	2 354

Question 9/18 - The total costs of Evergreen Ltd. decreased more significantly between fiscal years 4 and 5 than between fiscal years 5 and 6.

■ true (Vrai)

■ false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : Le tableau Costs ne contient pas l'année 4.

Tableau : Costs

Fiscal year	Year 7	Year 6	Year 5
Personnel expenditure	11 358	13 360	13 526

Material costs	1 291	1 334	1 090

Costs for external services	761	1 080	1 151
General administration costs	792	891	762
Research and development costs	759	3 002	4 003
Marketing and distribution costs	2 883	3 182	2 921
Software licence costs	62	871	771
Restructuring costs	583	294	125
Total costs	20 907	26 714	27 132

Question 10/18 - The market shares of the 'Young Beauty' cosmetics range are expected to be around 10 percentage points higher in the year following the next two fiscal years (FY+3) than in the current fiscal year (FY).

- ☐ true (Vrai)
☐ false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : Le tableau Forecast s'arrete a FY+2.

Tableau : Forecast

Fiscal year	Young Beauty	Man
FY	19	21
FY+1	21	20
FY+2	21.5	23.5

Question 11/18 - In fiscal year 2, the Beaumetics share cost 7.50 Euro.

- ☐ true (Vrai)
☐ false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : 7,5 est un pourcentage de return on equity, pas un prix d'action.

Tableau : Equity return

Fiscal year	Evergreen Ltd.	Roger & Tample Inc.	Beaumetics
2	5.7	15	7.5
3	11.4	9.1	(n/a)
4	17.4	8.6	12
5	11.4	18.4	15.3
6	23.1	5.5	17.3

Question 12/18 - In fiscal year 5, the operating result from licence products of Evergreen Ltd had a lower share of the total revenues than in fiscal year 4.

- ☐ true (Vrai)

✓ A COCHER : false (Faux)

- ☐ cannot say (On ne peut pas dire)

Justification : FY5 : 5 936/58 986 = 10,1% ; FY4 : 5 535/60 912 = 9,1% -> part PLUS haute en FY5.

Tableau : Revenues

Fiscal year	Year 6	Year 5	Year 4
Revenues licence products	32 203	48 275	49 618

Expenditure foreign licences	25 736	41 417	43 293
Gross margin licence products	6 467	6 858	6 325
Marketing costs licence products	1 882	922	790
Operating result licence products	4 585	5 936	5 535
Revenues from own product ranges:			
Wound treatment/ foot care	2 813	3 183	3 517
Laundry detergent and cleaning agents	4 072	5 158	5 423
Adhesive	2 330	2 370	2 354

Question 13/18 - Evergreen Ltd. employed approximately the same number of trainees in the region of Germany in fiscal years 3 and 5.

- true (Vrai)
- false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : Aucune information sur les stagiaires (trainees).

Tableau : Employees

Fiscal year	Europe (w/o Germany)	Germany	Asia/Pacific	America	Others	TOTAL
2	18	24	21	11	5	79
3	22	18	23	10	4	77
4	17	23	19	9	4	72
5	24	18	20	8	4	74
6	30	22	16	7	2	77

Question 14/18 - The material costs incurred by Evergreen Ltd made up around 5% of the total costs in fiscal year 6.

✓ A COCHER : true (Vrai)

- false (Faux)
- cannot say (On ne peut pas dire)

Justification : $1\,334 / 26\,714 = 5,0\%$.

Tableau : Costs

Fiscal year	Year 7	Year 6	Year 5
Personnel expenditure	11 358	13 360	13 526
Material costs	1 291	1 334	1 090
Energy costs	230	357	568
Depreciation on manufacturing equipment	2 188	2 343	2 215
Costs for external services	761	1 080	1 151
General administration costs	792	891	762
Research and development costs	759	3 002	4 003
Marketing and distribution costs	2 883	3 182	2 921
Software licence costs	62	871	771
Restructuring costs	583	294	125

Total costs	20 907	26 714	27 132
-------------	--------	--------	--------

Question 15/18 - In fiscal year 7, the revenues of Evergreen Ltd from the 'Wound treatment/ foot care' product range amounted to around 4557 million Euro.

- ☐ true (Vrai)
☐ false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : Le tableau Revenues ne contient pas l'annee 7.

Tableau : Revenues

Fiscal year	Year 6	Year 5	Year 4
Revenues licence products	32 203	48 275	49 618
Expenditure foreign licences	25 736	41 417	43 293
Gross margin licence products	6 467	6 858	6 325
Marketing costs licence products	1 882	922	790
Operating result licence products	4 585	5 936	5 535
Revenues from own product ranges:			
Wound treatment/ foot care	2 813	3 183	3 517
Laundry detergent and cleaning agents	4 072	5 158	5 423
Adhesive	2 330	2 370	2 354

Question 16/18 - Evergreen Ltd. and Stratus have a financial market share in the 'Cosmetics & body care for women' segment of over 470,000 million Euro.

- ☐ true (Vrai)

✓ A COCHER : false (Faux)

- ☐ cannot say (On ne peut pas dire)

Justification : $(48\% + 1\%) \times 924\,000 = 452\,760 < 470\,000$.

Tableau : Market shares

Company	Market share
Roger & Tample Inc.	44%
Evergreen Ltd.	48%
Beaumetics	7%
Stratus	1%
Market volume	924 000 million Euro

Question 17/18 - If the market share of Evergreen Ltd in the 'Cosmetics & body care for women' segment were as high as that of Roger Tample Inc., then the market share of Stratus would be correspondingly higher.

- ☐ true (Vrai)
☐ false (Faux)

✓ A COCHER : cannot say (On ne peut pas dire)

Justification : Les points liberes pourraient aller a n'importe quel concurrent, pas forcement Stratus.

Tableau : Market shares

Company	Market share
Roger & Tample Inc.	44%

Evergreen Ltd.	48%
Beaumetics	7%
Stratus	1%
Market volume	924 000 million Euro

Question 18/18 - Stratus had a financial market share of around 9240 million Euro in the 'Cosmetics & body care for women' segment.

✓ A COCHER : true (Vrai)

■ false (Faux)

■ cannot say (On ne peut pas dire)

Justification : $1\% \times 924\,000 = 9\,240$.

Tableau : Market shares

Company	Market share
Roger & Tample Inc.	44%
Evergreen Ltd.	48%
Beaumetics	7%
Stratus	1%
Market volume	924 000 million Euro

PARTIE 3 - INDUCTIVE REASONING (REGLE + 30 QUESTIONS CORRIGÉES)

Fonctionnement du test (Aon clx)

- A gauche, DEUX grilles 3x3 qui suivent une MEME règle cachée. A droite, QUATRE grilles : exactement DEUX d'entre elles suivent la même règle. Il faut sélectionner ces deux grilles puis cliquer sur 'continue'.

- Durée réelle : 6 minutes. Les exemples de la plateforme ne sont ni chronométrés ni notés.

- Règles fréquentes : grille entièrement uniforme ; damier (2 objets alternés 5+4) ; 7 objets identiques + 2 isolés ; colonne du milieu uniforme ; 4 coins + centre identiques ; 2 colonnes uniformes identiques + 3e colonne à 3 objets différents ; lignes uniformes ; rangée du haut à bords identiques, etc.

Méthode : 1) compter les objets (couleurs/formes) ; 2) regarder lignes, colonnes, coins, centre ; 3) formuler la règle commune aux deux grilles de gauche ; 4) la tester sur les 4 grilles de droite et garder les 2 qui passent.

Convention : A = haut-gauche, B = haut-droite, C = bas-gauche, D = bas-droite.

Question inductive 1/30 - Exemple plateforme Aon n°1

✓ REPONSE A COCHER : grilles B et D

Regle : 5 croix rouges + 2 objets identiques + 2 isolés. B (5 croix, 2 cercles) et D (5 croix, 2 triangles).

Question inductive 14/30 - Entraînement n°2 (meme principe que la plateforme)

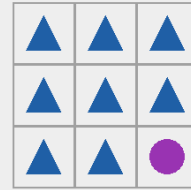

Ces deux grilles suivent une regle.

Quelles deux grilles suivent la meme regle ?

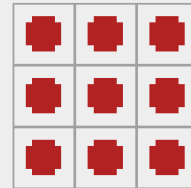

Grille A

Grille B

Grille C

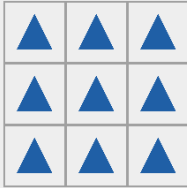

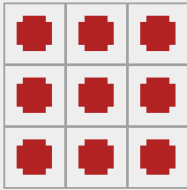

Grille D

✓ REPONSE A COCHER : grilles A et D

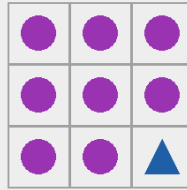

Regle : les 9 objets identiques. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 15/30 - Entraînement n°3 (meme principe que la plateforme)

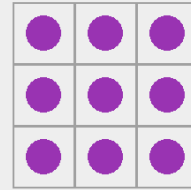

Ces deux grilles suivent une regle.

Quelles deux grilles suivent la meme regle ?

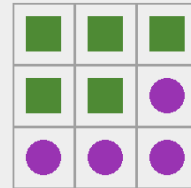

Grille A

Grille B

Grille C

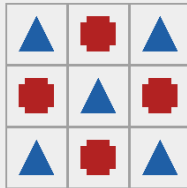

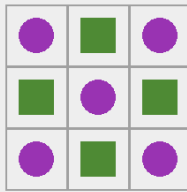

Grille D

✓ REPONSE A COCHER : grilles B et C

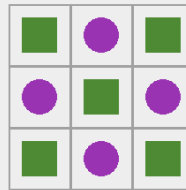

Regle : les 9 objets identiques. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 16/30 - Entraînement n°4 (meme principe que la plateforme)

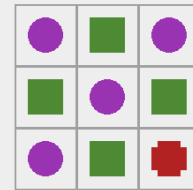

Ces deux grilles suivent une regle.

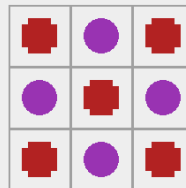

Quelles deux grilles suivent la meme regle ?

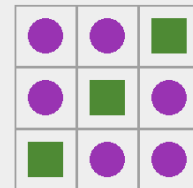

Grille A

Grille B

Grille C

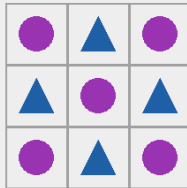

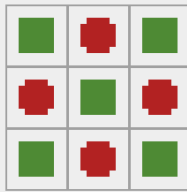

Grille D

✓ REPONSE A COCHER : grilles A et C

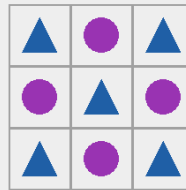

Regle : damier 2 objets alternes (5+4). Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 17/30 - Entraînement n°5 (meme principe que la plateforme)

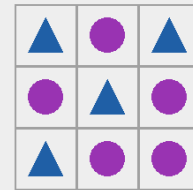

Ces deux grilles suivent une règle.

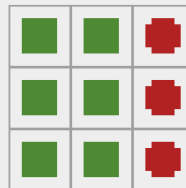

Quelles deux grilles suivent la même règle ?

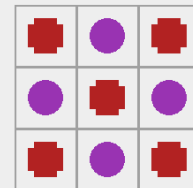

Grille A

Grille B

Grille C

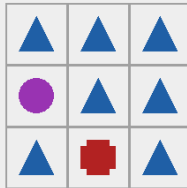

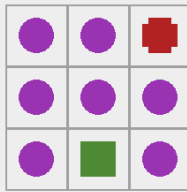

Grille D

✓ REPONSE A COCHER : grilles A et D

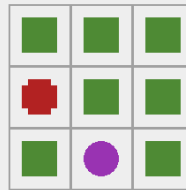

Règle : damier 2 objets alternés (5+4). Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions différents).

Question inductive 18/30 - Entraînement n°6 (meme principe que la plateforme)

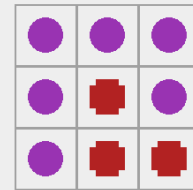

Ces deux grilles suivent une règle.

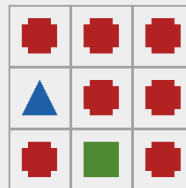

Quelles deux grilles suivent la même règle ?

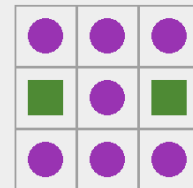

Grille A

Grille B

Grille C

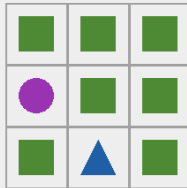

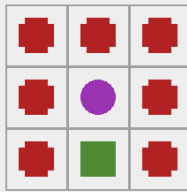

Grille D

✓ REPONSE A COCHER : grilles A et C

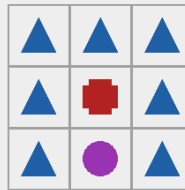

Règle : 7 objets identiques + 2 isolés. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions différents).

Question inductive 19/30 - Entraînement n°7 (meme principe que la plateforme)

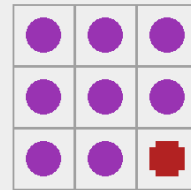

Ces deux grilles suivent une regle.

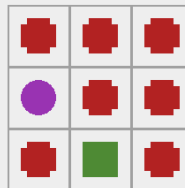

Quelles deux grilles suivent la meme regle ?

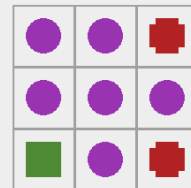

Grille A

Grille B

Grille C

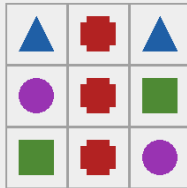

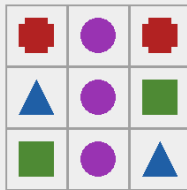

Grille D

✓ REPONSE A COCHER : grilles A et C

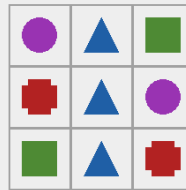

Regle : 7 objets identiques + 2 isolés. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 20/30 - Entraînement n°8 (meme principe que la plateforme)

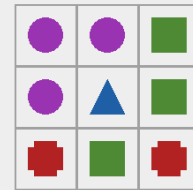

Ces deux grilles suivent une regle.

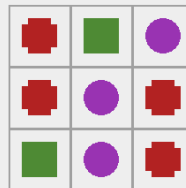

Quelles deux grilles suivent la meme regle ?

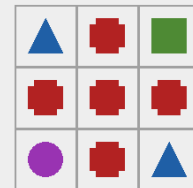

Grille A

Grille B

Grille C

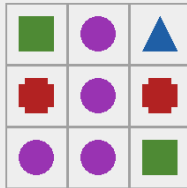

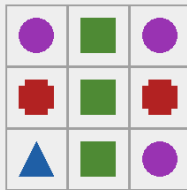

Grille D

✓ REPONSE A COCHER : grilles A et D

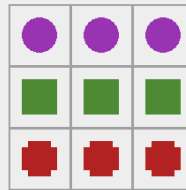

Regle : colonne du milieu uniforme. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 21/30 - Entraînement n°9 (meme principe que la plateforme)

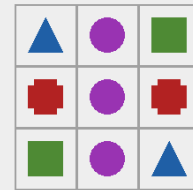

Ces deux grilles suivent une regle.

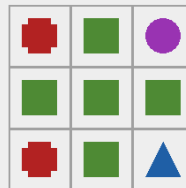

Quelles deux grilles suivent la meme regle ?

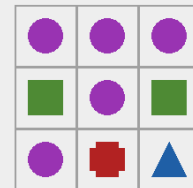

Grille A

Grille B

Grille C

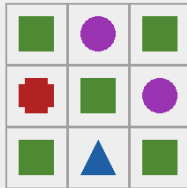

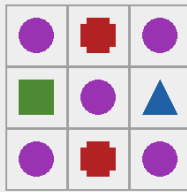

Grille D

✓ REPONSE A COCHER : grilles B et C

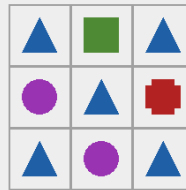

Regle : colonne du milieu uniforme. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 22/30 - Entraînement n°10 (meme principe que la plateforme)

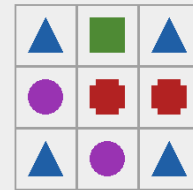

Ces deux grilles suivent une règle.

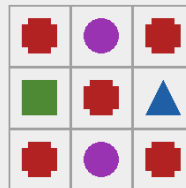

Quelles deux grilles suivent la même règle ?

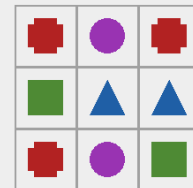

Grille A

Grille B

Grille C

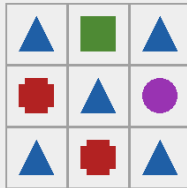

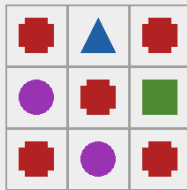

Grille D

✓ REPONSE A COCHER : grilles A et C

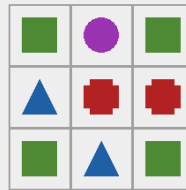

Règle : 4 coins + centre identiques. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 23/30 - Entraînement n°11 (meme principe que la plateforme)

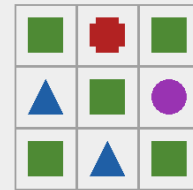

Ces deux grilles suivent une regle.

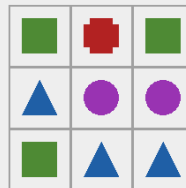

Quelles deux grilles suivent la meme regle ?

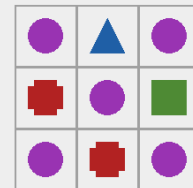

Grille A

Grille B

Grille C

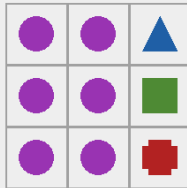

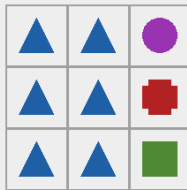

Grille D

✓ REPONSE A COCHER : grilles B et D

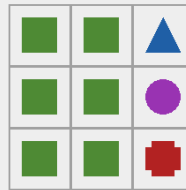

Regle : 4 coins + centre identiques. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 24/30 - Entraînement n°12 (meme principe que la plateforme)

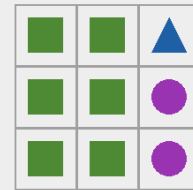

Ces deux grilles suivent une règle.

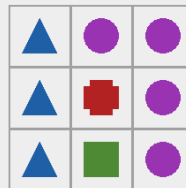

Quelles deux grilles suivent la même règle ?

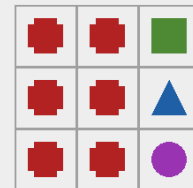

Grille A

Grille B

Grille C

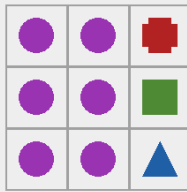

Grille D

✓ REPONSE A COCHER : grilles A et D

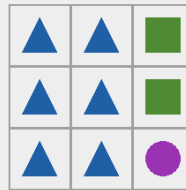

Règle : 2 colonnes uniformes identiques + 3e colonne a 3 objets différents. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions diffères).

Question inductive 25/30 - Entraînement n°13 (meme principe que la plateforme)

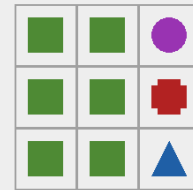

Ces deux grilles suivent une règle.

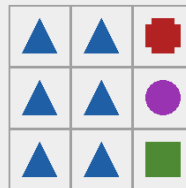

Quelles deux grilles suivent la même règle ?

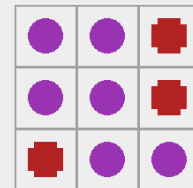

Grille A

Grille B

Grille C

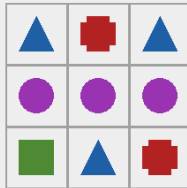

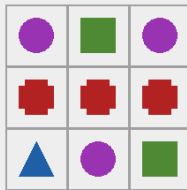

Grille D

✓ REPONSE A COCHER : grilles B et C

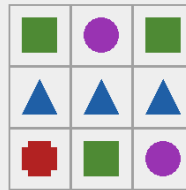

Règle : 2 colonnes uniformes identiques + 3e colonne a 3 objets différents. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions diffères).

Question inductive 26/30 - Entraînement n°14 (meme principe que la plateforme)

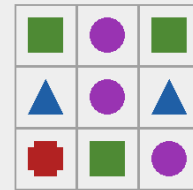

Ces deux grilles suivent une règle.

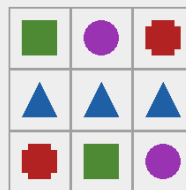

Quelles deux grilles suivent la même règle ?

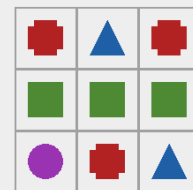

Grille A

Grille B

Grille C

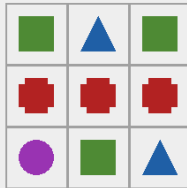

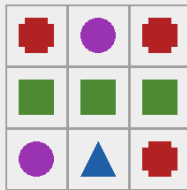

Grille D

✓ REPONSE A COCHER : grilles A et D

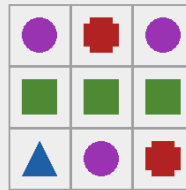

Règle : rangée 1 a bords identiques, rangée 2 uniforme, rangée 3 a 3 objets différents. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions différents).

Question inductive 27/30 - Entraînement n°15 (meme principe que la plateforme)

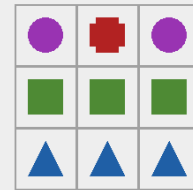

Ces deux grilles suivent une règle.

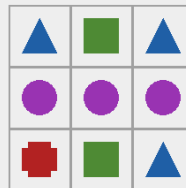

Quelles deux grilles suivent la même règle ?

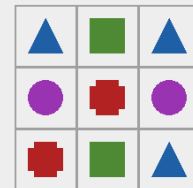

Grille A

Grille B

Grille C

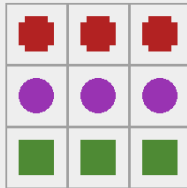

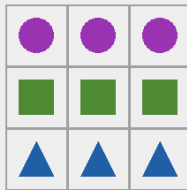

Grille D

✓ REPONSE A COCHER : grilles A et C

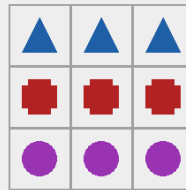

Règle : rangée 1 a bords identiques, rangée 2 uniforme, rangée 3 a 3 objets différents. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 28/30 - Entraînement n°16 (meme principe que la plateforme)

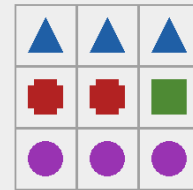

Ces deux grilles suivent une regle.

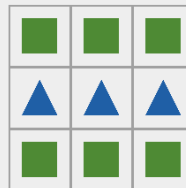

Quelles deux grilles suivent la meme regle ?

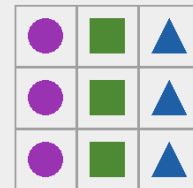

Grille A

Grille B

Grille C

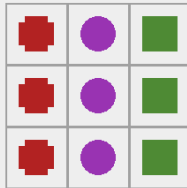

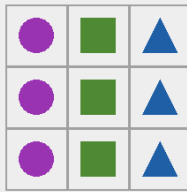

Grille D

✓ REPONSE A COCHER : grilles A et C

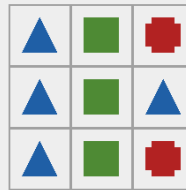

Regle : chaque rangee uniforme. Les grilles reponse verifient la regle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 29/30 - Entraînement n°17 (meme principe que la plateforme)

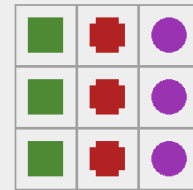

Ces deux grilles suivent une règle.

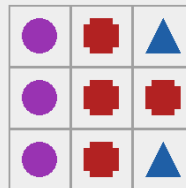

Quelles deux grilles suivent la même règle ?

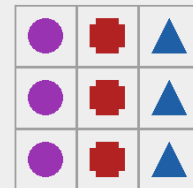

Grille A

Grille B

Grille C

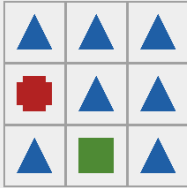

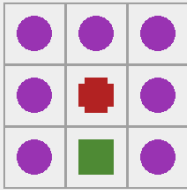

Grille D

✓ REPONSE A COCHER : grilles B et D

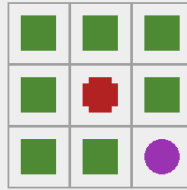

Règle : chaque colonne uniforme. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions differs).

Question inductive 30/30 - Entraînement n°18 (meme principe que la plateforme)

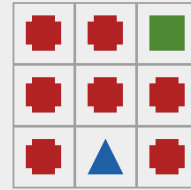

Ces deux grilles suivent une regle.

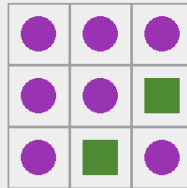

Quelles deux grilles suivent la meme regle ?

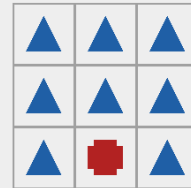

Grille A

Grille B

Grille C

Grille D

✓ REPONSE A COCHER : grilles A et B

Regle : 7 objets identiques + 2 isolés. Les grilles réponse vérifient la règle, les deux autres la violent (intrus, comptes ou positions différents).
