

How to answer

First, you will see three statements. **Think about yourself at work** and pick the one that you think is **most like you**.

Next, you will see the two remaining statements. **Still thinking about yourself at work**, pick the one that you think is **more like you**.

You can go back and change your last response, but you cannot go back further than that.

GET STARTED!

Which statement describes you **most**?

I usually make decisions only after I have collected all relevant information
